FIN-0021: Department Expense Summary for Human Resources

Introduction

This internal expense summary provides an overview of the current financial outlays associated with the Human Resources department, identified by department ID D-02. The report covers expenses incurred within the recent period and highlights the key expenditure categories, pending approvals, and notable variances. The department is headed by Angie Henderson, who assumed her role on February 12, 2024, and is based in Singapore.

Department Overview

The Human Resources department's primary cost center code is CC-102. The department head, Angie Henderson, holds the role of Head of Human Resources and reports to the senior management. Her contact email is angie.henderson@orbitalcorp.com.au.

Expense Analysis

The department's expenses are primarily categorized into office supplies and other miscellaneous costs. The most significant expenses involve employee-related project activities, with a notable focus on pending approvals for office supplies. The following table summarizes the top expenses, including amounts, approval statuses, and associated projects.

Expense ID	Employee Name	Project Name	Amount	Category	Approval Status
X-292	John Bishop	Project Lattice	4868.0	other	rejected
X-184	John Bishop	Project Lattice	4865.0	other	rejected
X-050	Lawrence Adkins	Project Ironwood	4469.0	office_supplies	pending
X-024	Lawrence Adkins	Project Ironwood	4468.0	office_supplies	pending
X-264	Alyssa Day	Project Glacier	4211.0	office_supplies	pending
X-020	Alyssa Day	Project Glacier	4199.0	office_supplies	pending
X-010	Melissa Gates	Project Echo	3985.0	office_supplies	pending
X-203	Melissa Gates	Project Echo	3985.0	office_supplies	pending

Expense Variance and Commentary

The most significant expenses in this period are associated with Project Lattice, involving John Bishop, with two rejected expenses totaling 9,733.0. These expenses are currently rejected, indicating a need for further review or resubmission.

A considerable portion of pending expenses relates to office supplies for various projects. Lawrence Adkins's expenses for Project Ironwood amount to 8,937.0, awaiting approval. Similarly, Alyssa Day's expenses for Project Glacier total 8,410.0, and Melissa Gates's expenses for Project Echo total 7,970.0, all pending approval.

The pending expenses reflect ongoing procurement activities, with approvals expected to finalize in the upcoming review cycle.

Conclusion

The Human Resources department's expense profile indicates a focus on project-related supplies and miscellaneous costs. The rejected expenses associated with John Bishop suggest areas for review, while the pending expenses highlight ongoing procurement activities. Continuous monitoring and timely approval processes are recommended to ensure budget adherence and operational efficiency.
