The supply for Project Umbra has been completed, while Project Horizon is currently in the planning stage, with procurement scheduled to commence.

Spend Analysis and Recommendations

The total spend on Chavez Group contracts amounts to **2,452,026.00**. Given the contracts' impending expiration, a review of renewal options is recommended. It is advisable to assess current market conditions and evaluate Chavez Group's performance, particularly in relation to delivery timelines and quality standards, as reported by project leads such as Angelica Keith and Joyce Solis.

Variance and Future Outlook

- The combined contract value exceeds initial projections by approximately 2.5%, which is within acceptable variance margins.

- The upcoming renewal process should consider potential cost adjustments and service level agreements to optimize hardware supply efficiency.

Conclusion

Chavez Group remains a key vendor within the Hardware Supply category, with ongoing and completed projects demonstrating their operational capacity. The expiration of current contracts C-003 and C-033 warrants immediate action to ensure continuity of supply and to negotiate favorable renewal terms.
