HR-0006: Performance Summary for FY25-Q4

Introduction

This document provides a comprehensive performance summary for the Data & Analytics department for the quarter FY25-Q4. It is intended for internal review and strategic planning purposes. All information herein is confidential and intended solely for authorized personnel within Orbital Corporation. Unauthorized dissemination or reproduction of this document is strictly prohibited.

Department Overview

The Data & Analytics department (Department ID: D-11) is led by Jamie Arnold, who holds the position of Head of Data & Analytics. The department operates within the cost center code CC-111 and is based in Perth. Jamie Arnold was hired on June 10, 2022, and is classified within salary band L5.

Leadership Performance

Jamie Arnold received a top rating of 5 in the FY25-Q4 review conducted by Allison Hill, the department's reviewer and supervisor. This rating reflects exemplary leadership and departmental management during the quarter. No promotion was flagged for Jamie Arnold in this review cycle.

Employee Performance Reviews

The quarter also encompassed performance evaluations for several team members, with ratings ranging from 2 to 4. The following table summarizes the review outcomes:

Employee Name	Employee ID	Reviewer	Rating	Promotion Flag
Tommy Walter	E-024	Jamie Arnold	2	No
William Baker	E-070	Jamie Arnold	2	No
William Herrera	E-117	Jamie Arnold	3	No
Megan Orr	E-130	Jamie Arnold	4	No
Michael Powell	E-165	Jamie Arnold	4	No
Jessica Gross	E-190	Jamie Arnold	3	No

Additionally, Jamie Arnold reviewed Tommy Walter and William Baker, both receiving ratings of 2, indicating areas for potential development. Megan Orr and Michael Powell achieved ratings of 4, demonstrating strong performance, while William Herrera and Jessica Gross received ratings of 3, reflecting satisfactory contributions.

Summary and Recommendations

The FY25-Q4 performance review indicates a high level of leadership effectiveness by Jamie Arnold, with a perfect rating from Allison Hill. The department's team members display a range of performance levels, with notable strengths in Megan Orr and Michael Powell. The lower ratings for Tommy Walter and William Baker suggest targeted development plans may be beneficial.

It is recommended that the department continue to foster high-performance standards and implement tailored development initiatives for team members rated below 3. Regular performance monitoring and feedback sessions should be maintained to support ongoing growth and departmental objectives.
